Energy for Leadership

Presenter: Bernie Lloyd

This program, based on the tenets of positive psychology and energy management theory, will enable participants to consider their own practices and mind-sets with a view to staying strong and resilient as they lead their school communities.

Bernie Lloyd is Chair of the Board of Bank First (previously Victoria Teachers Mutual Bank) and moved into corporate governance after 30 years in education in Victoria. Her extensive educational experience in rural and metropolitan schools as a classroom teacher as well as a member of the principal class has prepared her for her current portfolio of interests and commitments.

Her leadership expertise resides in long-term strategic planning, building capacity in teams and sustaining and expanding personal and organisational growth. She facilitates leadership workshops in Victoria and Queensland with an emphasis on building positive environments which sustain and empower. She understands the interdependence between schools and their communities and how high levels of trust enable productivity.
